

May 29, 2009

To whom it may concern,

I am pleased to write this letter of support on behalf of Mr. Prashant Srivastava of East-West Human Resources Inc (EWHR).

Kwantlen has been working with Mr. Srivastava and EWHR since 2008. In this short time, EWHR has referred eight student applications to Kwantlen and three students have registered for classes for our spring and summer semesters.

In March of 2009, Mr. Srivastava and his organization assisted Kwantlen in the organization, planning, marketing and staffing of a very productive student fair in Lucknow, India. The success of this event was largely due to the unique knowledge of both the Indian and Canadian education system. Mr. Srivastava was also able to secure both print and radio media coverage of the event.

We look forward to continue working with EWHR and are confident that our interactions with them will continue to thrive. I have no hesitation in recommending EWHR as they work with other institutions in Canada to help showcase the quality of Canadian education to Indian students.

All the best,

Craig Brown
